A Message From The Manager . . .

When I came to El-Vi-Dor Farms a year ago to manage the farm operations and the Polled Shorthorn herd I had never seen the herd. I was very pleasantly surprised to see the fine group of cows in the herd and the striking calves running with their mothers.

The pedigrees are prominent; the herd is in excellent health; every cow in the herd is safe in calf or has a calf at side and many

are rebred. The herd is in good breeding condition and is a very prolific group. All the cows are halter broke and handle well, although they will be sold loose in the sale ring.

Horace Walker has used excellent bulls, and we are now using Eureka Fascination x by the International grand champion L. F. Fascination x; Ringwell Valiant Heir and Eureka Upright 2nd (selling). We were unfortunate in losing Lynnwood Beacon 3rd x but you will have an opportunity to see several of his calves and to buy his service in this dispersion.
